

# WING CANOPY by *Sportsmobile*

ANDREWS, INDIANA 46702

A unique canopy specially developed and manufactured by Sportsmobile for van type vehicles. Unlike conventional awnings that roll out — Sportsmobile's Wing Canopy swings out. No other canopy is faster and easier to position. Unlike conventional awnings, Sportsmobile's Wing Canopy does not require long knee support braces that hinder movement around the vehicle.

Sportsmobile's Wing Canopy stows in a beautiful anodized aluminum case. Installation may be made on any van type vehicle that has 1" or wider door post.

Solid tops and most expandable tops (including Campmobile) do not interfere with operation of Wing Canopy. Extra room inside case for fishing rods, etc.

To Operate . . . 1. Unlock Case. 2. Swing out. 3. Snap front hook in place — tighten strap.

Short knee brace may be used if wind is gusty — or to change slant of canopy. Brace not visible.

Sidewalls are available for added privacy — weather protection. Simply zip to canopy.

A second panel also zips into place for complete privacy. Large screened windows have zippered privacy flaps.

## SPORTSMOBILE WING CANOPY – FEATURES

Sportsmobile specializes in converting van type vehicles into . . . Sportsmobiles!

✓ A Sportsmobile is only slightly larger than a regular car —

Drives and parks like a regular car  
Taxed and tolled like a regular car

✓ A Sportsmobile is versatile —

**Family Wagon** — practically every Sportsmobile sold is used as the family's first or second car.

**Utility Vehicle** — plenty of loading space for that occasional hauling job.

**Fun Camper** — Always ready to go on a second's notice; week-end trip or cross country cruise. Complete independence of motels and restaurants.

✓ A Sportsmobile is not a luxury purchase for occasional use. It is an investment for everyday transportation, utility use and family fun.

Sportsmobile also specializes in expandable tops or "Penthouses". An expandable top goes up for a 7' ceiling, and an upstairs bedroom for two. Comes down for streamlined highway travel and parking in a 7' garage. Up or down, the Sportsmobile Penthouse is attractive inside and outside. Top elevates and lowers in seconds with spring counterbalanced risers.

We are confident you and your family will derive many pleasurable miles and happy camp-sites from a Sportsmobile. We look forward to serving you.
