VOLKSWAGEN AND DANBURY

Danbury CONVERSIONS LTD

Danbury Conversions take you and your family into 1972 Caravanning with safety, comfort and ease! We can, through our Volkswagen conversion, accommodate the largest of families fully equipped for a carefree "away-from-it-all" holiday, any time of the year, anywhere.

Travel in complete comfort, cook, dine, wash-up easily, and finally set out whatever sleeping accommodation you wish . . . quickly and simply—the Danbury way—the 1972 way!

Travelling

The two forward lockers slide back and lock in a forward-facing position (no travel sickness), and all the cushions are deep foam, covered with modern colourful fabrics which are so easily cleaned, and so smart.

Cooking

The Danbury high-pressure cooker (standard on all models) is functional, super-efficient and swings down into the front locker when not in use . . . thus creating another seat for that extra traveller.

Dining

You can easily transform the separate front seats into a bench, giving comfortable seats for the whole family.

Clearing Away

After meals the washing-up is easily done in the Danbury full-size sink, which of course has a pumped water supply.

Bed-time

For the adults, double or twin beds in a matter of moments. A child sleeps across the beautifully insulated engine deck (useful point . . . much less noise when travelling). A further child's stretcher bunk can be easily fitted across the cab (as an optional extra).

Privacy

Privacy is ensured by the attractive all-round curtains on silent runners.

Extra Bunks

A further two adult roof bunks can be provided when the Danbury elevated roof is fitted. This is easily raised for sleeping . . . and just as easily secured in the storage position for travelling (again this is an optional extra).

*There are of course optional extras which can be ordered . . . but one thing is certain . . . with the standard Danbury Motor Caravan you are sure of a wonderful holiday . . . free of hotel restrictions and expenses, and yet you still have the revolutionary new 1972 Volkswagen Microbus or Kombi, with its private car comfort for all-year-round use.

For Travelling — all seats face forward
