

# SAFE-EASY TRANSPORTATION FOR THE HANDICAPPED

## **HP BUS CORP. OF AMERICA**

*BOSTON AREA*

**FAULKNER STREET**

**NO. BILLERICA, MASS. 01862**

**617-729-8983**

*LOS ANGELES AREA*

**2400 EAST PACIFIC COAST HWY.**

**WILMINGTON, CA. 90744**

**213 435-2014**

## SAFE

The fold-up ramp is an integral part of the entry door frame. The underside of the ramp forms a part of the sliding door track. The sliding door can be closed **ONLY** when the ramp is in a vertical position.

The modified 1975 HP (Volkswagen) Bus is heavier and has a lower center of gravity for increased stability.

The ramp is specially designed for regular and/or motorized wheelchair passengers.

The modified 1975 HP (Volkswagen) Bus is equipped with automatic shift, seat belts, and wheelchair restraints.

## EASY

The floor in the passenger compartment has been lowered nine inches. This increases the height of the door opening to 57" clearance for ease in boarding; provides ample interior head room, and a seat by the window - visibility for even the tallest wheelchair passenger. The lowered floor eliminates the need for the more expensive and cumbersome hydraulic lift.

The slight grade angle of the ramp from curb (or the ground) to Bus provides effortless entry, even in a heavy motorized chair.

## YOUR FAMILY BUS

— **ECONOMICAL** —

The new 1975 HP (Volkswagen) Bus is the family's economical transportation for **ALL** of its members.

It is equipped with automatic transmission and fold-down (optional) rear seat for those many household chores.

The lowered floor section (patent pending) to accommodate the wheelchair passenger provides ample road clearance and does not alter the overall appearance of the Bus.

Each new 1975 HP (Volkswagen) Bus carries the regular owner's Security Blanket Warranty, (see details of the warranty on next page) and will be honored by any Volkswagen dealer in the United States or Canada.

The new 1975 HP Bus is sold by HP Bus Corp. of America, Faulkner Street, North Billerica, Mass., which company, in turn, warrants the modification it makes on the Volkswagen Bus. Enjoy Tomorrow's Family Bus Today!!!
