Some people call it a work wagon. Other people call it a fun wagon. We like to call it an anything wagon. Ready for work when you're ready for work. Ready for fun when you're ready for fun.

And to make your anything wagon ready for your kind of work and your kind of fun, here are some accessories to outfit it your way:

Outfit your work wagon with a Trailer Hitch (1) for hauling motorcycles, boats or what have you, a Side Step (2) for easier getting in and out, a pair of piercing Fog Lamps (3) that help keep out rain and heavy rain, polished stainless steel Vent Shades (3) that help keep out rain and let in fresh air, and a removable Luggage Carrier (4) —available in 3 different lengths—to carry even more when the interior of your anything wagon is full.

Outfit your fun wagon with an AM/FM Stereo Radio/Tapeplayer (5), a roomy Sleeper (6) that turns your wagon into a bedroom, handsome Floor Mats (7) of durable indoor-outdoor-type carpeting, and for the sportiest wagon on your block, a set of distinctive Stripes (8) and bright Wheel Trim Rings.

Protect your anything wagon with a set of sturdy steel Bumper Overrides (9) with rubber strips for extra cushioning.

Go ahead. Outfit your anything wagon with accessories. They'll make it your everything wagon.

Your fun wagon.
